

**COMPANIES WITH CERTIFIED UST GROUNDWATER AND SOIL SAMPLERS**

**All groundwater or soil sampling for determining levels of contamination which may have occurred from an Underground Storage Tank (UST) must be performed by a Utah certified UST Groundwater and Soil Sampler (R311-201-2, Utah Admin. Code). This list identifies companies with certified UST Groundwater and Soil Samplers on staff. The State of Utah certifies individuals, not companies. Inclusion on this list is not an endorsement by the State of Utah. This list is subject to change without notice. For up-to-date information regarding an individual or company, contact the DERR UST Section at (801) 536-4100.**
