

## COMPANIES WITH CERTIFIED UST TESTERS

Testing of an Underground Storage Tank (UST) must be performed by a Utah certified UST Tester (R311-201-2, Utah Admin. Code). This list identifies companies with certified UST Testers on staff. The State of Utah certifies individuals, not companies. The check boxes below each individual's name indicates the types of UST testing he has been certified to do. The available endorsements include: Tank (tank testing), Line (line testing), LLD (automatic line leak detector testing), and CP (cathodic protection testing). Inclusion on this list is not a recommendation by the State of Utah. This list is subject to change without notice. For up-to-date information regarding an individual or company, contact the DERR UST Section at (801)536-4100.

### AAA TANK TESTERS INC
